SSEC X10 Touch Screen POS

A compact touchscreen till that has its own inbuilt receipt printer so it doesn't take up a lot of your counter space. It also has an inbuilt battery which is pretty handy if you go portable and take customer orders from a different location. Or if there are power issues, you know you can continue trading for up to 7 hours.The X10 comes with an SD card which acts as a secure back-up, so you won't lose any important data (i.e. transaction records or your product list) for peace of mind. It's a reliable till which is a great cash register replacement if you're looking to upgrade. The X10 comes installed with EPoS software, which is super intuitive and easy to use. It is matched with a range of add-ons such as portable card machine, bar code scanner, cash drawer, additional printer, a card scanner, and cloud back office.

Specification:
- ARM Processor
- 10" LCD touch screen 1280x800 pixels
- Capacitive Touch Screen
- Micro SD Hardrive
- 2Gb Ram
- 2 COM Ports
- Windows CE

Options:
- Cloud based Reporting Package

Roll Size:
57mm x 50mm Thermal

Dimensions:
Terminal: 272mm(L) x 260mm(W) x 106mm(H)
